Tell me can you save me  
From myself  
Am I all you need  
And no one else  
You can't be all that you seem  
I just need to believe

Tell me is it safe to assume  
I will always be enough for you  
I can't be all that you need  
I just need to believe

I don't want forever  
Only a moment that's real  
And I know that I am just pretending  
Cause I don't believe in happy endings

Tell me do you see me  
For what I am  
Am I your portrait of the perfect man  
This can't be all that it seems  
I just need to believe

I don't want forever  
Only a moment that's real  
And I know that I am just pretending  
Cause I don't believe in happy endings

And I know that I am just pretending  
[Can you see me?]  
Cause I don't believe in happy endings  
[Need to believe]

Don't want to face reality  
Right now I just need to believe  
And I know that I am just pretending  
Cause I don't believe in happy endings

And I know that I am just pretending  
[Can you see me?]  
Cause I don't believe in happy endings

[Need to believe]  
All I need is to believe [x8]
