Nothing to lose
Nothing to gain
Nothing surrounds me
Nothing stays the same

I fought so long
to keep from going under
but why hang on
nothing matters at all
nothing at all

I tried to hide it
to avoid the shock
but I get pulled inside it
by a nothing box

I fought so long
to keep from going under
but why hang on
nothing matters at all
nothing at all

Prick my finger and you suck me dry
So dry no tears to cry
Take, take, fate worse than death

Keep taking till there's nothing left

There was a time in my life when you were
everything, everything to me
Everything everything to me
For one moment I had it all then you took everything
everything from me
Everything, everything from me

You filled me with nothing
nothing at all

I fought so long
to keep from going under
but why hang on
nothing matters at all

nothing at all

I fought so long
to keep from going under
but why hang on
nothing matters at all
nothing at all
