Why do you keep your anger up?
Do you need it to survive?
Are you used to the instant remedy
That the misery provides?

I think I'm finally numb
The fate has overcome
I'll be your darkest sun
So you can put your hate upon me
Come, put your hate on me
I think I'm finally numb
So you can put your hate upon me

I watch you, all the rage you hold
As it's pulling you down
Give it to me, your sweet insanity
Release it quick before you drown

I think I'm finally numb
The fate has overcome
I'll be your darkest sun
So you can put your hate upon me
Come, put your hate on me
I think I'm finally numb
So you can put your hate upon me

I wage the war from hate state to core

You drop from the rot, you stop to get more
The weight of your hate may make your back crack
You're under counter attack, you try to counter react
So what the fuck you think, you blink and go blind
Time after time you can't see the sign
Fuck it, all in my grill I'll kill the right wrong
But you better hit quick
Cause you're 'bout to be gone

No reason to feel bad now
I can take it
Come and put your hate down
No need to feel ashamed now
Come and put your hate upon me

No need to carry sadness
I can take it
Come and lay your hate down
No need to feel a thing now
I can take it
Come and put your hate upon me
