Chapter one deals with the pain of pleasure  
A circle committing themselves to pain  
Gathered in a distance place far away  
Ancestral darkness born  
Acts divine of blasphemy  
Release your fears of sources unknown  
Scalpel cut into the flesh  
Bring forth thy screams

Chapter two enters physical mortality  
The release of pure black energy  
Surface of age old evil  
Growing darkness taking form  
Wound is deep and never to heal  
Eternal circle of the flesh  
Ritual dedicated to morbid lust  
No one ever returns...

Once they were almost human  
Beneath the living, beyond the dead  
From the depths of hell's dungeons  
The gates are open to the circle of the flesh

Chapter three brings forth a vault of dreams  
Of unimaginable pleasures  
On the edge of pure damnation  
The secret of pain's revealed  
Depravation and mortality  
Equals a life threatening sickness  
Once you've tasted it  
Prepare to suffer eternally

"Piercing screams inside of me  
This was never meant to be  
Stop this act of horror  
Please, let me die..."

Chapter four ends a morbid circle  
A circle condemned to die  
Sick minds trying to  
Master the art of flesh  
Exit of life, enter the grave

Pray you'll meet your maker  
Forever be bound to eternal death  
The reaper wields his scythe

They were never human  
Beneath the living, beyond the dead  
From the depths of hell's dungeon  
The gates are closed to the circle of the flesh
