## "The Last Remains"

Scorn of the earth  
Imprisoned for life  
Sepulchral cities  
Mental affliction  
Open your eyes  
See through the lies  
Dreams of obscurity  
Source of all life

The last remains

Screams from the past  
Erased with time  
Secret horrors  
Dwelling in your mind  
Beyond the cemetery  
Centuries blackened again

The last remains

Horrid nightmares taking control  
From birth until my death  
A grim insane spectre  
Of a freedom torn in chains

Morbid condition  
Buried in the sand  
Eternal darkness  
Submerged in cries  
Premonition of death  
The final hour  
The last remains  
Rest in peace

...Of the world the last remains
