"The Arrival Of The Demons"

As the full moon rised
In the sky
It awakes
Master, bring out the dark
Forces upon me
I live for dying
And to kill
Watcher
Open the Gates of Death
Reach for the silence
Reach for an end
With a knife I release my blood
Not afraid to give away my soul
For the elder gods
Sign away in blood
Now perform the sacred rite
Cut apart the immortal god
Reach for the silence
Reach for the end
We gather around
The circle is completed now
The time is right
For the arrival of the demons
