what do you do when you're down
when nobody else is around
who's gonna love you forever
who's going down for me and you
don't know what to do
feeling like a fool
playing by the rules
but every day
the world gets stranger to you now
but some things never change
you can always
call for me
where ever you are
oh baby you can
call for me
no matter how far
its crazy
but some say
that love fades away
but you know
where I'll be

call for me

so many lies you can say

something will give you away

cause nothing lasts forever

except for maybe me and you

tell it like it is

pain and happiness

and I'll be there to share it

like no one ever did

the world seems stranger to you now

but some things never change

you can always

call for me

where ever you are

oh baby you can

call for me

no matter how far

its crazy

but some say

that love fades away

but you know

where I'll be

call for me

oh I'll be there

when you need someone to talk to

anyone won't do then

I will be there

When you want someone to long to

I'll be there

I'm the one to hold you

you don't have to worry about a thing

baby

you can always

call for me

where ever you are

oh baby you can

call for me

no matter how far

its crazy

but some say

that love fades away

but you know

where I'll be

call for me
