Tie yourself to the devil  
They kiss away your life  
What were your impressions?  
They'll blow your mind

It's time to cleave up your worst enemy  
And see how bad they bleed  
Trapped in your own cage  
Sliced from humanity

How does it feel  
To be locked up in your own free world?  
Trapped in the shell  
Another dead end for another dead man  
Four walls are closing in  
You're screaming but you can't be heard  
You better believe it  
Another dead end for another dead man

Oh! Strike back with your anger

You'll face against the wall  
Just another day  
Been watching over you  
What you wanted to see

You all the years  
But you can't feel the difference  
Your futures assigned  
You're now part of the system

How does it feel  
To be locked up in your own free world?  
Trapped in the shell  
Another dead end for another dead man  
Four walls are closing in  
You're screaming but you can't be heard  
You better believe it  
Another dead end for another dead man

Use your anger  
Reap revenge

Use your anger  
Don't turn away, aaa

How does it feel  
To be locked up in your own free world?  
Trapped in the shell  
Another dead end for another dead man  
Four walls are closing in  
You're screaming but you can't be heard  
You better believe it  
Another dead end for another dead man

How does it feel  
To be locked up in your own free world?  
Trapped in the shell  
Another dead end for another dead man  
Four walls are closing in  
You're screaming but you can't be heard  
You better believe it  
Another dead end for another dead man
