???

Another change of flesh
You arent awake to pay for death
nothing lies..???
???
You will drown and bleed to death

One down
And more to kill
To clean up this world
To ???
???
To get the adrenalin pumping

Your remains of a broken body
Thrown in a coffin
Buried six feet under
They never see the sign of breathing

Your flesh will be decaying

Murdered, buried, forgotten
Another life destroyed

Leaving the body
For another realm
My body grows warm as I feel you await my god
Squeeze the cold, pale body as I fuck it

Murdered, buried, forgotten
Another life destroyed
