I lost my dignity
I lost who I am
My biggest problem is
I've become civilized

Take what be done.
Known by no one.
My clock is ticking

Don't even test me
I'll rip a hole in your lie
Leave me alone

When you think I'm on the top
I reverse and tell you all to fuck off
I will not be destroyed
I refuse to be destroyed

When you think I'm on the top
I reverse and tell you all to fuck off
I will not be destroyed
I refuse to be destroyed

So you thought you knew me;
Where I stand?
I'm sorry to tell, you fuck,
I'm sorry I won't buy it
Get a life and leave me alone.
Leave me alone
Just stay away.

When you think I'm on the top
I reverse and tell you all to fuck off
I will not be destroyed
I refuse to be destroyed

When you think I'm on the top
I reverse and tell you all to fuck off
I will not be destroyed
I refuse to be destroyed

Don't even try to change me

I'll rip a hole in your lie
I don't understand why you
Even spend the time on my life

Fuck you and everything you stand for;
You and all your fucking magazines
Don't even try to change me
I'll rip a hole in your life

When you think I'm on the top
I reverse and tell you all to fuck off
I won't be destroyed
I refuse to be destroyed

When you think I'm on the top
I reverse and tell you all to fuck off
I will not be destroyed
I refuse to be destroyed
