a new ? of violence
a new level of hate
he' s coming away
on a different level of hate
prepare for sin

radio controls your mind
the ?
i' m on your screen
lead from behind
make you right
i am your digital god
abuse generations of religion
i am your digital god

guiding a gameshow
have you the blessing of messiah
accept a new beyond
i am god
i went away

yesterday
escape with the program
they were mine
and sell the lie
now your brain is fried
i am god

radio controls your mind
the ?
i' m on your screen
lead from behind
make you right
i am your digital god
abuse generations of religion
i am your digital god
