???

To feed your mind against yourself.
To become??? machine.

Read my mind as I read yours.
Do you see, what I feel.
I can throw your ???
Don't you try to block me out.

I am creator.
Universal dominator.
The source of eternity
I am the black hole

A flick of my finger
I push you off the edge.

???

I am creator.
Universal dominator.
The source of eternity
I am the black hole

With a flick of my finger
I push you off the edge.

With a flick of my fingers
You disappear.

I am creator.
Universal dominator.
The source of eternity
I am the black hole
