Temple of darkness
Slipping away through pain
The fear of emptiness
Helpless, I'm being drained

Through the anger of what I have seen
My life is leading ???
Never will I be free

??? between eyes
Every other tear
Makes no difference
To ???

Through the anger of what I have seen

My life is leading ???
Never will I be free

Temple of darkness
Slipping away through pain
The fear of emptiness
Helpless, I'm being drained

Through the anger of what I have seen
My life is leading ???
Never will I be free
