Yeah

So, you think you're a God
You're nothing but a piece of shit
And if I get my hands on you
You will slowly die

Oh, the church of God
Preaching all the shit
I'm not scared of you
I think Jesus

God is a lie

I rule this world and Satan's son was sent
Son of evil, heart cold as blood
Father Satan give me your power
To create a new world

Assemble at the gate
And we'll be as one
Reaches night
The end of dawn, evil

God is a lie

All my slaves and await
Obey me and you die

Yeah
