I'm falling, my soul is leaving me
My mind is playing tricks on me
I'm being turned inside out
Feels like I'm losing it

Where am I?
Why is it cold?
I try to look around,
I can't.
How come I'm being paralyzed?

Caught from behind
Destroyed into to eternity
I'm leaving for another world.
My body just floating hollow, empty
My thoughts are spinning out of control.
Will I ever be one again.

Have I reached the end of the game?
Will I ever see the light.
Is this death or am I dreaming?
Feels like I'm flying away.

How come this is happening to me?
Why don't you leave me alone?
I hear a voice that says that
"You're the chosen one."

I didn't choose to a victim
I didn't choose the pain
I didn't choose to be an experiment
I just want to get away from this hell.

Caught from behind
This journey to eternity
I'm leaving for another world.
My body just floating hollow, empty
My thoughts are spinning out of control.
Will I ever be one again?

If I die before I go home.
It would just be the same.

It would be my chance to be free.
Maybe because I'm dying.

Have I reached the end of the game?
Will I ever see the light?
Is this death or am I dreaming?
Feels like I'm flying away.

Caught from behind
This journey to eternity
I'm leaving for another world.
My body just floating hollow, empty
My thoughts are spinning out of control.
Will I ever be one again?
