Legions of world domination
These ... with a ... of hate
Suicide me and pray for death
Armageddon
The earth, they ... away
go ...
This curse is fucking
The angels cry as they meet me
... earth will stand in flames
... is falling in
Legions of world domination
... of its burning wrath
murder ...
their god is ... you
through death we see their sign
dark again
hunting me
he says what
...
...
burning god
evil dwells
...
death, death, death is coming to them
...
the angels cry as they meet me
... earth will stand in flames
... is falling in
legions of world domination
