Take it from me  
It may have begun  
A cold wind of death  
Swept up the Earth

Silence and darkness  
? earth to sea  
The skies just burn  
And the angels are crying blood

Warriors of death  
Assault the night  
There is no turning back  
A disease that's growing strong

Silence and darkness  
Earth to sea  
The skies turn black  
And the angels are crying blood

Crying blood

So you expect  
Blood, fire, and death

Dying inside  
A perfect fiery death

Release my blood

A dark shadow blankets the Earth  
He has returned  
The thunder again  
It will ask as we burn

He reaps his revenge  
He reaps his revenge

This time we'll  
Like there's something beyond  
Death comes

Nowhere to run  
Nowhere to run
