"Orgy In Blood"

You want me
I give you
Blood for blood
Life for death

Bleed for me
Make me cum
Reach for me
Cough up blood

Cum for blood
Cum for blood

Sacrifice to give me power
My girls are waiting
It'll be your final hour
Cum for blood

Brace yourself for my fingers
Now I will kill forever
Writhe

Move back to your throat
Burn from the blood
Search for a new Hell
Awake and show me

Cum for blood
Cum for blood
