On the edge of insanity  
Lost from the world  
Stickin' an hand into the soul, to disappear from this  
earth  
Nervous again?  
Do you want this whole Hell to be?  
You're running out of breath  
Do you see about me?

The drugs don't work anymore  
Give me some to ease the pain  
Damned by the dead  
Cursed by the dead

The guilt is hanging over my shoulder  
To the lights of taking  
My cause will never end  
Burn, I will burn  
I'm screaming hard, I can't be heard

The drugs don't work anymore  
Give me some to ease the pain  
The drugs don't work anymore  
Give me some to ease the pain  
Damned by the dead  
Cursed by the dead  
Damned by the dead  
Cursed by the dead

Aah, aah  
Aah, aah

Damned by the dead  
Cursed by the dead  
Damned by the dead  
Cursed by the dead
