Seeds of the chosen one
Inject the holy whore
To make the ultimate kid
Laboratory rat that fucked with Mother Nature
It's like a Russian roulette

This time I know we went too far playing God
It will? and cut us all

Is this how we'll end?
You can count me out
It will never last
A lethal game

We're on our way to see the ending
We're on our way to get erased
Time is ticking, Mother Earth's twisted
We'll all lose control

Scientific murder
That you have begun
You and I are not included
Step aside, move away, or move along

Now I know we went too far playing God
Time is up for the human race
We've passed the point of no return

We're already out of the game, you and I
You will never last
A lethal game

We're on our way to see the ending
We're on our way to get erased
Time is ticking, Mother Earth's twisted
We'll all lose control

We're on our way to see the ending
We're on our way to get erased
Time is ticking, Mother Earth's twisted
We'll all lose control

We're on our way to see the ending
We're on our way to get erased
Time is ticking, Mother Earth's twisted
We'll all lose control
