in my missions fight it is in your hands - fuck you all
i can see your head's up your ass
the hordes of war ? and blood will come
you never see the ? when they get on
?
?
for me and the gods and rott
rotting high

i'm squeezing it
i'll eat their guts
i'm the ?
i'll never stop
?

like butchers ?

so you can see me removing your past
you' re deeply down in the ?
where something dies is always pain
so making the ? from you
death will standing beside me
now i'm through with you

i'm squeezing it
i'll eat their guts
i'm the ?
i'll never stop
?
