"Until The End"

You can't beat me.
You can't beat the demons, I insist.
I'll come to take you away.
To a better place where you can rest.
I won't stay forever.
Just 'til the end of time.
I won't make it better.
I'll be there 'til you die.
There's no end for your pain.
Just as long as you fight it.
It is all just a game.
To see how long you can take it.
I won't stay forever.
Just 'til the end of time.
I won't make it better.
I'll be there 'til you die.

Gotta wait 'til the end.
Be the reaper's hand.
Gotta wait 'til the end.
Be the reaper's hand.

Yeah!!!

I won't stay forever.
Just 'til the end of time.
I won't make it better.
I'll be there 'til you die.
Gotta wait 'til the end.
Be the reaper's hand.
Gotta wait 'til the end.
Be the reaper's hand.
Gotta wait 'til the end.
Be the reaper's hand.
Gotta wait 'til the end.
Be the reaper's hand.
