When you were born, that's when I died, it took too long
to realize

I am the white, you are the black, I'm slowly turning to
gray

Like disease you break me down, cries

You're the king, I'm the fool, I'm your eternal prey

Die, let me regain control

Die, let me reign in my own soul

Die, let my life return

Die, I'd do anything to see you burn

What I create you desecrate, fueled by endless hate

How can I win this war, this war against myself?

You're the king, I'm the fool

Die, let me regain control

Die, let me reign in my own soul

Die, let my life return

Die, I'd do anything to see you burn

If I decide, it's suicide that's gonna be

How will I know? You won't follow me

You tricked my mind, you made me blind but I finally
can see

There's no escape, cerebral rape, you are my destiny

You turn me on, you turn me off like I'm a fucking
machine

You tuck me in, you throw me out, now all my thoughts
are obscene

Die, let me regain control

Die, let me reign in my own soul

Die, let my life return

Die, I'd do anything to see you

Die, let me regain control

Die, let me reign in my own soul

Die, let my life return

Die, I'd do anything to see you burn

Die, die, die, die, die
