Don't want to be searching anymore Tried so hard,  
forgot what I'm looking for Who'll rewind Who'll  
remind me what the search was for Talk so fast I can't  
keep up Tried so hard, forgot who I was Who  
am I Who are you and what the hell is true?! Only  
alphabet, only alphabet Everything that I don't  
say will tell you who I show myself in all the things I  
don't do Opinions forced upon me brutally  
Tomorrow's mistake is the truth today, you see Leave  
me be I need to be alone with my own thoughts  
You may think you are number one, but So do I; that's a  
song been sung A million times Or even more  
even more and more Know your lines; recite them in  
your head Repeat them on and on and once more  
after that Know your lines, repeat them in your head  
Again again again , they're only alphabet  
Don't want to be searching anymore Tried so hard  
forgot what I'm looking for Who'll rewind Who'll

remind me; can't search anymore I show myself in all  
the things that I don't do Everything that I  
don't say will tell you who
