Well 1991 I was rockin my jheri curl, just a young gun  
Lookin for the bitches that have alot of fun  
just dropped a hit record now i'm under the sun  
Winter time night fall cold as hell  
Standin outside of the Golden Tail  
Hella hoes mobbin in pushin gettin through  
Tiger striped cat suit lookin' at me to  
I asked her whats your title and she said it was V  
Vanessa you impress a nigga cant you see  
What you doin' later can I kick it with you?  
She said it all depends on what you wanna do  
Took me me to her buddy walked in the room  
Buzzin off the kamikaze that I consumed  
Talk, kiss, grind tryin to get get my balls off first  
She said, "Nigga, can you take my drawers off first"  
I was young I admit it  
She told me I was horny and wild but still let me hit it  
Hot bare back until I felt that quake  
She told me shoot that milk shake, shoot that milk  
shake  
God damn I don't wanna get sprung

Take it out the pussy bust a nut on her tummy  
Ran home to tell my nigga Top  
About this cock that just would'nt stop yeah  
I told him she was greeneyed light skinned and fly  
He said he met a bitch like that last july  
A car pulled up and it was her no doubt  
I told him thats who i'm talkin bout  
He said thats who i'm talkin bout damn

I useta know her  
(Talk box) I useta know her  
I useta know her  
(Talk box) I useta know her

[AMG]  
Now here's the plan in the home of the one night stand  
Rolled up in a stretch, pussy to catch  
Plus now I'm sittin the V.I.P  
And hoes wanna suck on the D-I-C  
O.K. heres the play give me OJ and tanqueray  
Have you had you dick today is what I'm thinkin  
But I've been drinkin  
I see you peepin me out  
And its freakin me out  
Cause she fine than a motherfucker bout 5'8  
135 and I just can't wait (for what)  
To hit the backside, and get the top love  
Bucknaked in the hot tub  
Cause she knew who I was and what I am and what I is  
(who are you)  
The flyest nigga in the rap biz  
And there playin my song so a nigga gotta go and uh  
Put a hoe in the limo  
She was askin me question after question  
Until she seen my life size erection  
I bent her over prepared to do my duty  
And seen my nigga Quik's name on her booty

I useta know her  
(Talk box) I useta know her  
we useta know her  
(Talk box) I useta know her

[DJ Quik]  
(We're runnin out of beedees) Now who gon do the honors  
I hit the liquor next to Benihana's  
But on my way I met bitch as sqaure as a box  
With a big ass booty and some goldie locks  
And I aint gotta do much talkin' she wet  
Because she seen me moving a '97 Corvette  
The good thing is I never seen her around  
So I took her to my spot to get down  
Now AMG what you think about the bitch

[AMG]  
She dance in the jet strip  
Shakin the cock, 20 dollars a pop  
Her nickname Babygirl, useta have a jheri curl  
Now she got braids, ex-nigga paid  
She useta roll a lexo now she got a pathfinder  
Wear a rubber if ya get behind her  
Cause my nigga told me she had the heebie geebies  
Give her drank and dank she'll give a nigga freebies

I useta know her  
(Talk box) I useta know her  
we useta know her  
(Talk box) I useta know her
