

I Am Ghost "Civil War And Isolation Thirst"

Visit "[Civil War And Isolation Thirst](#)" on MotoLyrics.com

Two in the mornin' and it's last call,
The taste of wine spirits that's tattooed on my collar,
yeah,
I'm sober, and the bouncers are all dead,
With a lonely kiss from the love I missed, I will drink
tonight!?
She says, "Lets put this stake right through our heart,
To kill all the loneliness babe?
We'll never be apart!?
Soon we'll see the sun rise,
Soon we'll see the sun again.?(I have my best suit on!)?
I'm so tired, it's killing me as she slits my throat with
the pen I wrote,?Civil War and 13.
Sever the letter,
You love it, you need it, I can't die tonight, oh, no, no,
no, no, no!!!

I'm sober, and the bouncers are all dead,
With a lonely kiss from the love I missed, I will drink
tonight!?
She says, "Lets put this stake right through our heart,
To kill all the loneliness babe?
We'll never be apart!?
Soon we'll see the sun rise,
Soon we'll see the sun again.
?We'll see the sun,
We'll fall in love
See the sun, we'll fall in love, again?Last dance with the
silence,
I was so in love, you know I appreciate it
I can not take it, never, NEVER again!?
She says, "Lets put this stake right through our heart,
To kill all the loneliness babe?
We'll never be apart!?
Soon we'll see the sun rise,
Soon we'll see the sun
(2x)
Again
