Times move so fast, and now there does not seem to
be any
Once it felt that there was more than plenty
Do believe that something somewhere sent me

To you, astray
And the bald raging flame of your heart is making me
stay

And I admit that I have spent some time in confusion
Not knowing what is or is not illusion
Riddled with myself and destruction

Astray
And the bald raging flame of your heart is making me
stay

And flux, we move, crawl across the sky like the
weather
To think that she once thought that I was clever
But I was do or die, not now or never

Astray
Still the bald raging flame of your heart is making me
stay
