Someone like you
Is not without the contradiction
Someone like me,
Who's a living work of fiction
Someone like you
Full of love and light and laughter
Someone like me,
Who can't see what they're after

What do you do?
Someone like you
Who would you be?
With someone like me

Someone like you
Who let's face it doesn't mean it
Someone like me,
Never did believe it
Someone like you
Full of love and light and laughter
Someone like me
Can't see what they're after

What do you do?
Someone like you
Who would you be?
With someone like me

Someone like you
Is not without the contradiction
Someone like me
Who's a living work of fiction
Someone like you
Full of love and light and laughter
Someone like me
Who can't see what they're after

What do you do ?
Someone like you
Who would you be?
With someone like me

What do you do?
Someone like you
Who would you be?
With someone like me
