Excessive drinking is well in order this evening  
Oh I, I couldn't imagine any other way  
We'll raise our glass to those close friends who are  
indisposed and couldn't make it out  
I wonder what that's about?

Drowsy eyes meant what you think: We have drinks to  
drink  
And now PJ's got a tab- You know how that goes!

We eventually take it to the roof  
We realize I could give up books about, about the way  
we acted  
Some was charming, some was tragic  
It's a perfect night for a talk  
Look at the way the city's looking back at us  
I wonder if it knows our names?

Drowsy eyes meant what you think: We have drinks to  
drink  
And now Brendan's behind the bar.

I haven't been home in six months  
And I'm leaving in a week  
So just stick around and pick me up when I hit the  
ground  
I don't think you truly understand  
You're the reason that I became the man I am  
To my friends and family: This one's on me.

Drowsy eyes meant what you think: We have drinks to  
drink  
And the sun is coming up  
Yo, man, you think I fucking care?  
Well, I don't.

You know I still have this gram to smoke  
And I've got a plan: I'm gonna wake up every morning  
in Carrie's bed  
Yeah, I like to swear I'm big  
I don't care about anything

She'll feed me toast and tea until I'm dead
