So I'm alone for the first time in five years,
Holy f*ck, things have changed.
I'm happy to see you can live without me.
I've sorted out my life, my tragic life.
Don't pat yourself on the back yet.
Just shut your mouth and pay your rent.
And make a record they'll never forget.

I care too much, too much to leave.
Don't turn your back on family.
Besides, how could I ever look you in the eye
Without knowing that I tried?

Thank God it wasn't winter
When all this me and you shit hit the fan.
The sun, the streets, the records I bought
Were my crutches again and again.
Don't pat yourself on the back yet.
Just shut your mouth and pay your rent.
This is a year that you'll never forget.

I care too much, too much to leave.
Don't turn your back on family.
Besides, how could I ever look you in the eye
Without knowing that I tried?

Change is something I accept,
But I can't accept a stranger in you
So please, so please, so please make this a dream.

So I'm alone for the first time in five years,
Holy f*ck, things have changed.

I care too much, too much to leave.
Don't turn your back on family.
Besides, how could I ever look you in the eye
Without knowing that I tried, I tried, I tried?
