You're a gallon away,  
from drowning yourself  
but I don't mind,  
it's what makes you, you

You're a flames lick away,  
from burning yourself  
were not scared  
cause you always bounce back, yeah so

Promise me, if we both die violently  
that the blood dripping from our chin  
is a symphony

And I'm a mile away,  
from never turning around  
and living my life, rolling on gas fumes

And I'm a second away  
from the record time  
four days spent,  
waiting in line, yeah so

Bury me, with my giant screen TV

it's the only thing,  
that's been faithful to me

Ryan smokes these days,  
and Kev sleeps till four  
and bobs still superman, climbing buildings whoa oh  
oh

And Ryan shaved his beard,  
and Kev shaved his too,  
and bobs still on his phone, oh

Promise me, if we both die violently  
that the blood dripping from our chin  
is a symphony  
and promise me, if we both live  
in infamy, that our statues will cast

a shadow on our city
