The place you love is gone  
And I doubt very much if it's  
Coming back from the room it's been hiding in  
Could you go through that all again?  
That room could be anywhere.

The place you love is gone  
The place you love is gone  
You don't have that place to run  
'Cause it is gone.

I sighed in the rain that day  
Waiting for my ghost to carry away  
The boxes of memories.  
No one should have memories like these.  
They'll kill you in your sleep.

The place I love gone  
The place I love gone  
I don't have that place to run  
'Cause it's f\*cking gone.  
[x2]

I was born in the wake  
I see it every single day  
But is it working?  
Is it rubbing off on me?  
I can hardly wait  
To get away from the pain  
Am I strong enough?  
Is it heavy enough?  
Can I carry this weight?

The place you love is gone  
The place you love is gone  
You don't have that place to run  
'Cause it is gone.

The place you love is gone  
The place you love is gone  
You don't have that place to run

'Cause it is definitely gone...
