Distinguishing the sounds of these machines
They drive me home tonight
And in these skies there's brandings
that see closure, so they can lay to rest.

This could be perfect like all the times I knew.

Just stay awake.
Stay awake for one more hour
So you know that I will have no regrets
for the things I didn't say to you.

Staring down an endless canvas and taken from
these sheets - we tried so hard, we tried so hard
But I cant hardly stand another minute of
misconception
That things are some how better.
No breathe can last forever
We owe you this so show me how.

We can make this perfect

like all the times that I knew.

Just stay awake.
Stay awake for one more hour
So you know that I will have no regrets
for the things I didn't say to you.

So there's no regrets for the things I didn't say
Embrace the essence of what was lost.

Stay awake for one more hour.
(Stay awake for one more hour)
So you know that I will
(Stay awake why don't you) [x3]
have no regrets
for the things I didn't say to you.
(Stay awake why don't you stay awake for one more)
Stay awake for one more hour
Stay awake for one more hour
Stay awake for one more hour

Stay awake for one more
