Ok-This song called Holy bitch (yeah) this lyric written by my best friend, I wanna thank from her, Ah, it's about a nation, not about a person, It's all the things that we could imagine about boys and girls that were on earth, Like us, or maybe not I hope familys can hear, what I mean... Any way, I'm thankful from all who helped me for this song again Mmm.I can't say anymore... Listen now...

I'm Ready Aha...

[Verse:]

Hey mom don't fight me for something  
This is real bullshit  
But I am not a real bitch  
Hey dad I don't want u to shout at me  
I have bad feeling really  
And I can't stand it  
Hey mom don't fight me - Mom (hey mom -mom)  
Hey dad don't shout at me -Dad (dad - see me)ohh  
This is so painful(yeah)  
I haven't a rigid armor to ignore these...

[Chorus:]

My tears always come, it seems never get enough  
Can't get off my mind  
That u can't realize me, why?  
I remember You said (hey girl u should wake up)  
But u do not know, I was never asleep(no - no - no)

Listen Again...

[Verse:]

I promise I am not here to make trouble(yeah I'm not here)  
But you said I am always in the trouble(but it's not true)  
I really do not want it  
I feel I have some passion that I can't give it up  
Hear this melody, hear this song.  
Hear this melody, hear this song...

[Chorus:]

My tears always come, it seems never get enough  
Can't get off my mind  
That u can't realize me, why?  
I remember You said (hey girl u should wake up)  
But u do not know, I was never asleep(no - no - no)

[Bridge:]

I know it's difficult (realize me)  
I know I'm not complete  
But u should know(yeah now)  
I am alive still  
So U are not allowed to judge me  
U shouldn't decide instead of me (ah)  
U can't call my beliefs nothing(hey)

No, it's Not For One Time, it's For Ever and ever and  
ever

[Verse:]

Yeah you breakin' my heart, you thinkin' this way is  
right.oh  
I'm tired  
of these fights, no no no let me free...

[Chorus:]

My tears always come, it seems never get enough  
Can't get off my mind  
I really wanna cry  
I remember You said (hey girl u should wake up)  
But u do not know, I was never asleep

And I know that this is just a song, a noise, that will be  
end during next 50 seconds...

And I know that you will never understand, no, you  
can't understand, no, no, you don't want to understand  
Yeah and I'll be alone again and again and again

And I'm trying to build a shout, a shake...

Till just you see me, till just you stare me, till you think  
me.

That I exist,

I have emotion

I can see, I can feel, oh

I can't say anymore...

I can't say anymore...

Please don't say anything...

My time is over

Bye bye
