The scratchy static stereo in your car
Can only mean the transmissions too far

You catch a daydream
You're on the edge of your seat
Watching and waiting
For your life to change

Take on everything
To give and to change
Misery loves company
A fact we all know

Don't live down devotion
When life brings commotion
Just lay down in motion
And watch it all go, go

I know it's hard to believe
But take it from me
There's times when we all want to let go

There's no point hiding your face
Cause it won't go away
Even though it seems like best to let go
Sing it if you're with me

Take on everything
To give and to change
Misery loves company
A fact we all know

Don't live down devotion
When life brings commotion
Just lay down in motion
And watch it all go, go

(Let it all go)
Just let it all go
(Let it all... GO!)

Take on everything

To give and to change
Misery loves company
A fact we all know

Don't live down devotion
When life brings commotion
Just lay down in motion
And watch it all go, go
