This is a heartfelt apology, to anyone I hold close
Cause I know its been a long time, and I just want you
to know
That I haven't been the one you know, and I haven't
been around
But you know that I tend to take flight
But I have a feeling we can
Work this out if you say what saves me back

I'm running in circles trying to find myself
Baby just tell cause I know it's someone else
And I can understand why you left me
But I can't even begin to explain
If you think I'm alright then maybe your insane

You know they say that it's the best
To let go and separate
but I know that it's not easy

To let this go to waste

I'm running in circles trying to find myself
Baby just tell cause I know it's someone else
And I can understand why you left me
But I can't even begin to explain
If you think I'm alright then maybe your insane

Tell me all about you and him last night
And I'll let you go, keep this up just open up

I'm running in circles trying to find myself
Baby just tell cause I know it's someone else
And I can understand why you left me
But I can't even begin to explain
If you think I'm alright then maybe your insane
