We were kids so long ago
But as time caught up to us
We refused to let go
You make it so obvious
Why are you so obvious?

And I think that the hardest part
You lack the heart that it takes
So you just keep taking from me
It didn't have to be that way
It doesn't have to be this way

This time you did it again
You'll blame it on everyone else
Your actions speak loud and clear
You f*cked it all up again and no one's there

So hide your face cause you just wished I'm him
And after all is done and said you're an
embarrassment
It's sad to say that I've ever put the time in you
You just lack the ability to come through

You make me miserable
Sometimes it's more than I can take
I hope you're comfortable
Just watching as you throw your life away

This time you did it again
You'll blame it on everyone else
Your actions speak loud and clear
You f*cked it all up again and no one's there

I'm not sorry for a word I said
I'm not sorry for a word I said
I'm not sorry for a word I said
I'm not sorry

This time you did it again
You'll blame it on everyone else
Your actions speak loud and clear

You f*cked it all up again and no one's there
