We've watched you sink, and it's a little more than sad  
That you've lost all trust  
Was it really all that bad?  
Now your eyes are pinned shut and your tongue has  
been stuck  
It's hard to see this end  
Today I lost a friend

Long story short we can see right through you  
You don't know what you've gotten yourself into now

It's hard to make amends when you turn your back on  
your friends  
It's hard to make amends when you turn your back on  
them  
[X2]

Long story short we can see right through you  
You don't know what you've gotten yourself into

So let's hear the excuse I won't believe  
Tell me what I'm too blind to see  
Well this is more important than the people we're  
supposed to be
