She's so smart today  
She thought she could be right here again, but  
She can only see, what she's afraid to see  
She's now scared...

She says, I, I can't please myself  
(Applause please..)  
And it's you who I can't be from, unless

Empty stares, did you find it there..  
Always by your side, knowing nothing well it's always  
right  
And we've come oh so far to gain some strength and  
now we've pulled too hard  
Now all you want is gone [x2]  
And now I'm all I've got

So he tested time  
It's time he thought she'd meet again  
It's his selfish mind  
That gives him this empty life

He now escapes, he said "I, I can't please myself"  
And it's you, your all I want, unless..

Empty stares, thought we'd go down there  
Always by your side, knowing nothing, well it's always  
right  
And we've come oh so far to gain some strength and  
now we've pulled to hard  
And now all you want is gone [x2]  
And now I'm all I've got

Wait and see, that it's not 'cause me  
It's everything.. in our lives..  
I'll make some space but it's hard,  
But I can't do anything to make this wait

And if all you want is gone  
And now all you want is gone  
And now I'm all I've got...
