I remember a man who was true to himself, if he put his
mind to something it was done, he could
Help everyone just by doing what he loved, he could
work with his hands so good, but when no one
Cares to know, that he works them to the bone.

He comes home to himself and he sits in his chair, gets
lost inside pictures on the wall, he's
Had some loves in his life that he's lost but knows why,
he's lived with mistakes for so
Long...he's the best man that i know, he sleeps happy
all alone, he gives me

Hope for the best in everyone, in understanding what
we've done, i laugh to myself, it gives me
Hope for the best for what we lost, to understand when
no one wants, it makes me laugh, it gives
Me hope.

I know this lady who grew up so quickly, she had a child
when she was so young, without the time
Or money to pursue what she wanted, she slowly lost
touch with her love, i bet she tried to run,
But she didn't have the guts to leave her, son who was
born on a day in the spring, grew up to
Respect her so much, for all that she had lost and for
never giving up, for loving the mistake

That she loved...well lady you deserve more than
anyone i know, you give me

Hope for the best in everyone, in understanding what
we've done, i laugh to myself, it gives me
Hope for the best for what we lost, to understand when
no one wants, it makes me laugh, it gives
Me hope.

I'm sitting alone and i think to myself, it'd be great if
people could know, if we wore big tags
Or we threw big parties where only lost people could
go, so we'd never think we're wrong, and
We'd never feel alone...alone.
