So calm down, and come out
I was heading down a road
Your head turned left and I follow
You were my accomplice, then
Anywhere you go, I'm in

You were ready, shaking
Starved for this feeling you lost, you lost

I don't know where we went wrong
Why would you act like you don't know
Swaying to the rhythm of our own song
So don't let me go

Feels like a brick's stuck in my throat
Holding everything my heart wants
Finding love in an old song
So don't let me go

I'm ready, waiting on my ending

I'm just a boy in the snow
I'm feeling sweats right through my clothes
We have an honest grin
That we would hide out and in
You were ready, shaking
Starved for this feeling you lost, you lost

I don't know where we went wrong
Why would you act like you don't know
Swaying to the rhythm of our own song
So don't let me go

Feels like a brick's stuck in my throat
Holding everything my heart wants
Finding love in an old song
So don't let me go

So calm down, come out

I'm ready, waiting on my ending

I don't know where we went wrong
Why would you act like we don't know
Swaying to the rhythm of our own song
So don't let me go
