Melting molasses  
It's been raining fire far too long  
Waterfall  
Corroding my shelter  
Levitated state  
Float away from sandbag feet  
As silhouettes  
Fade

Your beauty's rich in a loveless world  
So deformed and defined  
Scrape my head off the melted floor  
Violating the voices  
Your beauty's rich in a loveless world  
So defined by your choices  
Scrape my head off the melted floor  
Violating the voices

It's been raining fire far too long  
It's been raining fire far too long  
It's been raining fire far too long

Fade

Far from the ground, stars coming down  
You're falling  
Sight into sound, I'll help you down  
I'm calling

(Rain)  
Far from the ground, stars coming down  
You're falling  
Sight becomes sound, I'll help you down  
You're calling

(Rain)  
Far from the ground, stars coming down  
You're falling  
Sight into sound, I'll help you down  
I'm calling

(Rain)

Far from the ground, stars coming down  
You're falling  
Sight becomes sound, I'll help you down  
You're calling
