Let me have your love, honey
You won't be sorry if you marry me
I'm gonna sing the night away
Make your wedding day go down in history

You gotta show me that your love is true
If you want me to give me heart to you
Do you really want the chance to slip away?

Let's make it last forever
Like the sun coming up in the sky
In you I've found my treasure
Show me the secrets inside

Be My Lollie, I'll be you lollie
Be My Lollie, I'll be your lollie
Be My Lollie

I'll say you put a spell on me
But it's so magical you set me free
And as I play your wedding song
The birds will sing along...in perfect harmony

You gotta show me that your love is true
If you want me to give my heart to you
Do you really want the chance to slip away?
Let's make it last forever

Like the sun coming up in the sky
In you I've found my treasure
Show me the secrets inside

Be My Lollie, I'll be you lollie
Be My Lollie, I'll be your lollie
Be My Lollie
