Looking back on all the things I've done
I'm keeping track of all my rights and wrongs
Seems to me the stars are shining on
My destiny is right where it belongs
I can bloom, giving time to grow
Now I'm here on my own, watch me go

So I'm making this my home
I'm living out my dreams when I can't believe it's real
I look at myself and see that I am making this my goal
Not taking any chances like a whisper in my ear
I pinch myself and realize I'm here

All along I wanted this to be
Feeling strong and I'm liking what I see
I believe in this journey I am on
It's made for me and I'm making this my song
I can bloom, giving time to glow
Now I'm here on my own, watch me go

So I'm making this my home
I'm living out my dreams when I can't believe it's real
I look at myself and see that I am making this my goal
Not taking any chances like a whisper in my ear
I pinch myself and realize I'm here
I'm here
I pinch myself and realize I'm here
I'm here
I pinch myself and realize I'm here
I'm here

Looking back on all the things I've done
Feels to me like my life has just begun

So I'm making this my home
I'm living out my dreams when I can't believe it's real
I look at myself and see that I am making this my goal
Not taking any chances like a whisper in my ear
I pinch myself and realize I'm here
Right here
I pinch myself and realize I'm here
Right here

I pinch myself and realize I'm here
