Lorna:

You know that I've got something special  
I feel so lucky to be me, you'll see.  
Some people say that I'm a princess running wild.  
But don't waste your time with them,  
Just look into my eyes.

Now your under my spell,  
And I'm not gonna set you free.  
But you can hitch a ride on my star.  
You better believe that I want you, and you need me,  
It's time to make some history.  
So, why'd you have to go and waste your time on her?  
Waste your time on me.

Yeah, me. Waste your time on me. Yeah, yeah.

Some people say I'm superficial.  
But that's a compliment to me because,  
I'd rather be a super something than  
A boring anything else.  
Just take one look at me, and throw your heart  
In the wishing well. Cause I'm your Jezebel.

Now I'm under your skin,  
And I'm not gonna set you free.  
But you can hitch a ride on my star.  
You better believe that I want you, and you need me,  
It's time to make some history.  
Why'd you have to go and waste your time on her?  
Waste your time on me.

Yeah me, Waste your time on me. Yeah Yeah.

(Your the top, your the first lady  
Blow it up, cause your the bomb, baby.  
Break a leg, sing your song lady,  
Knock 'em dead, bring it on, baby)

Spoken:

I wanna save the whale and start a charity.

But just as long as I can keep all eyes on me.

Now your under my spell,  
And I'm not gonna set you free.  
But you can hitch a ride on my star.  
You better believe that I want you, and you need me,  
It's time to make some history.  
I'll blow your mind.  
Don't spend your time on D list personalities.  
Forget the rest, cause I'm the best.  
Turn on the lights, and worship me.

Why'd you have to go and waste your time on her?  
Waste your time on me.
