It's a beautiful night for feeling lonely
Beautiful night for being afraid
So raise your hands, you one and only
You one-of-a-kinds who feel this way

I don't want to talk, don't want to explain it
I don't want to fuck and I don't want to fight
It's only a feeling, it's fleet and fading
It's all over the world, and it's only tonight

'Cause it's a beautiful night
Beautiful night, yeah
It's a beautiful night
Beautiful night to be here

It's a perfect time for being wasted
A perfect time to watch the stars
So throw back your head come on, embrace it
It's a beautiful night, wherever you are

It's a beautiful night
Beautiful night, yeah
It's a beautiful night
Beautiful night to be here

And all good things will come to you
Maybe tonight, maybe tonight it's the truth
I don't know
And all good things to those who dream
Maybe tonight, maybe tonight we'll find peace
God I hope so
So raise your hands, raise your hands

And all good friends, they stood by you
One at a time, one at a time they fall down
They fall down
All your fears are coming true
And this is the time, this is the time of your life
That defines you
So raise your hands, raise your hands

Under the stars I'm alone among strangers

Confused, connected, diffused and alive
Maybe the future will smile on us
Maybe the future is here tonight

'Cause it's a beautiful night
Beautiful night, yeah
Beautiful night
It's a beautiful night here

Yeah, it's a beautiful night
Beautiful night yeah
It's a beautiful night yeah
Beautiful night yeah

It's a beautiful night, yeah
Beautiful night, yeah
It's a beautiful night, yeah
It's a beautiful night to be here
