If you're going to heaven
And you think you know the way
Please show me the right direction
And I'll follow you
I won't let you get away

If your heart is sad and heavy
You hide your face behind your hands
But if you'll take a chance and let me
Follow you
I will always be your man

You know I don't need your attention
I don't need your pity or your grief
I'm not a slave to your affection
I'm a slave to your belief

So if you're going to heaven
Say you won't leave me behind
Cause without you I'm as helpless
As a little child
God I need you by my side
