Take a number, dear
Wait your turn and don't get out of line
Everything you fear
Paint it black in the back of your mind
You just go on breathing
Repeating

Heads up, hearts down
Steady as she goes
Don't break step
Don't make a sound
Heads up, hearts down
No one ever knows
What started this exodus
Onward bound

Your composure slips
Twenty-two and nothing left to do
But resign to this
Bona fide pilgrim pride, tried and true
So you don't question
This lesson

Heads up, hearts down
Steady as she goes
Don't break step
Don't make a sound
Heads up, hearts down
No one ever knows
What started this exodus
Onward bound

I try to find my strength inside the sound
But I can't fight the darkness all around
I'm bleeding 'til I drown

Heads up, hearts down
Steady as she goes
Don't break step
Don't make a sound
Heads up, hearts down
No one ever knows

What started this exodus
Onward bound
