I am a hologram  
I am the ghost that's laying next to you  
Watching you breathe  
I am a wanted man  
Feels so electric as they're chasing me  
Still I can't sleep

It's me against the world today  
And that's fine  
It's me against the world

And so I stand  
I embrace the curse  
I embrace the song  
I embrace what I feel  
When I feel what's wrong  
I embrace the hurt  
The hate and what's worse  
I embrace what I am  
I embrace the curse

Tonight is our escape  
Today integrity is killing me  
Still I can't see  
The choices that we make  
Are not the choices they want us to make  
Who asked them anyway

It's me against the world today  
And that's fine  
It's me against the world

And so I stand  
I embrace the curse

I embrace the song  
I embrace what I feel  
When I feel what's wrong  
I embrace the hurt  
The hate and what's worse  
I embrace what I am  
I embrace the curse

I know you know exactly what I mean  
I know you know what I feel  
I feel, I feel, I feel, I feel

It's me against the world today  
And that's fine  
It's me against the world

I embrace the curse  
I embrace the song  
I embrace what I feel  
When I feel what's wrong  
I embrace the hurt  
The hate and what's worse  
I embrace what I am  
I embrace the curse

I embrace the curse  
I embrace the song  
I embrace what I feel  
When I feel what's wrong  
I embrace the hurt  
The hate and what's worse  
I embrace what I am  
I embrace the curse
