Momma I'm sorry you're crying

Triggers are built to pull

Gut wrenching heart felt is love

Blasting this guilt

Slow

Digging the trenches of pity

Knee deep in a pile of shit

Light up these torches and stand

Fight make believe

Slow

Lights out mister

Sorry that I feel so angry

Crawl to the bottle shop

Reach into my situations

Oblivious unluck

Bury the guilt, I'm free

Sorry It's all right now
